DR. S. P. TOWNSE NO'S COM-POUND EXTRACT of SARSAPARILLA. NEW-YORK, Friday, Aug. 29, 1891. Messrs. Nostrand 4 Bache: GENTLEMEN: I am anxious to state to you and the public, the wonderful effects of your medicine upon me.

lic, the wonderful effects of your medicine upon me.

For the last twe years I have been afflicted with the moss shocking disease that you can imagine; during this use! have been in the Hospital several months, and despite the efforts of the best Doctors, I remained but slightly beafited by their skill, and concluded finally that I must diwith a lonthsome disease, which they called a species of Salt Rheum. I was covered with sores, my hands, seet and shoulders, chest and stomach, were nearly a mass of corruption, which rendered life a burden to me. My amand hands were also in such a state that it was quite impossible for me to help myself or do any kind of work, though I was able to walk about a little. My hands were so badly affected that I could scarcely move them, being so badly affected that I could scarcely move them, being swollen at least three times their ordinary size. I had given up in despair of ever being able to get relief from Doctors or their medicines, when a friend of mine, know-ing the good effects of Dr. S. P. TOWNSEND'S SARSA-PARILLA, prepared by Dr. Chilton, the Chemist, induced me to make a trial of it, which day I shall ever look as being the most worthy of my remembrance, and the most important day of my whole life. The first bottle produced a surprising effect, and before I had used the third bottle, I felt entirely cured. My skin once more appeared natural and perfectly smooth and free from sores, the ener-mous swelling of the arms and hands has disappeared. sai the joints are as limber as ever, and consider myself once

more a well man, and shall be in duty bound to pray is your prosperity, and always look with thanks to Him to sable to cure both heart and body.
